

WEEKLY UPDATE

9/11/20

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 30 residents and 29 staff members test positive for COVID-19. All of the 29 staff members have since returned to work. We are currently conducting twice a week antigen testing on all our staff members and once weekly on all our residents. As of this date; all tests done remained negative. Families can continue to come and do a window visit anytime during the day. Please call and speak with the Activity Director if you wish to do a door visit and she will be glad to assist and schedule the visit. As always, please continue to reach out to your loved ones through phone, Face Time, letters and e-mail and feel free to contact us directly if you need assistance facilitating this communication.

We are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 843-537-2060

Sincerely,

Grace Villafranca

Administrator
